National Association of Women in Construction (NAWIC) Scholarship

The NAWIC Charlotte Chapter Scholarship provides support for student(s) that embody the ideals of the National Association of Women in Construction (NAWIC) and are pursuing careers in the construction industry. The purpose of this scholarship is to provide financial resources by which to promote the construction profession among women students within The William States Lee College of Engineering at the University of North Carolina at Charlotte.

Award Criteria:
- Must be currently enrolled in The William States Lee College of Engineering
- Must be at least a rising sophomore
- Strong preference given for women
- Preference for student currently enrolled in construction-related majors and minor programs
